The Distance family takes cues from distant times and places; from Neo-noir cinema to Art Deco banks built in the 1920's.

Raw perforated steel surrounds the switching, dimming and LED driver built into the base.

Distance stands tall on this blending of new technology with time-tested visual language.

<u>STANDARD SURFACE FINISHES</u>: Blonde Brass, Aged Brass, Dark Bronze.							
<u>CUSTOM SURFACE FINISHES:</u> Copper, Nickel, Chrome plating (mirror or brushed) (15% price increase)							

MATERIALS
Brass, acrylic, steel, LED.

METAL SURFACE MAINTENANCE
All LOST PROFILE metal surfaces are waxed. These metal surfaces are designed
to age and patinate. Wear gloves when handling to avoid hand prints. Clear enamel
coating is available on request. Enamelling does not stop the patination process,
it just slows the process down.

SWITCHING AND DIMMING
The LED driver, on/off switch, and rotary dimmer is built into and controlled from
the base of this product.
Distance Floor Lamp comes with 2000mm black 3-core cloth flex as a standard,
with a AS/NZS standard wall plug.

IP RATING
IP20 - for indoor use only.
